MEMA Missive

Resource	Description
Roles and Responsibilities Framework for Artificial Intelligence in Critical Infrastructure	AI is unlocking new opportunities while also presenting new risks to vital systems and services. This document shares ideas on the safe and secure development and deployment of AI in U.S. critical infrastructure.
Behavioral Threat Assessment Units: A Guide for State and Local Law Enforcement to Prevent Targeted Violence	Tips on how to identify individuals who display an unusual or inappropriate interest in a protected person or a protected asset.
Next Generation 911: Reporter to Congressional Committees	A report on efforts by federal agencies with 911 call centers to implement NG911 and challenges associated with implementation.
2025 Homeland Threat Assessment	A list of the most likely threats to the United States in the coming year and the nation's efforts to mitigate those threats.
Illustrated Digest: Norfolk Southern Railway Derailment and Subsequent Hazardous Materials Release	An illustrated companion to the NTSB's accident report regarding the East Palestine, Ohio train derailment in February 2023.
20 Years of NIMS	A review of how NIMS came to be, how it was eventually adopted at the Federal level in 2004, and its present state in 2024.
